The AMITY Universe

1,50,000+ students, 32 campuses, 300+ programmes — Leaders in Education

Over a decade ago, an enormously successful industrialist of Europe, Dr Ashok K. Chauhan, embarked upon a mission to provide world-class education in India. The result was the formation of the non-profit Ritnand Balved Education Foundation and various Amity Institutions.

The first Amity International School was started at Saket, New Delhi in 1991. Other schools followed in quick succession at Delhi, Noida, Ghaziabad, Gurgaon, Lucknow, Jagdishpur, Gwalior, Abu Dhabi (UAE) and Pretoria (South Africa). Using the most modern educational techniques and resources, the students are encouraged to respect values and *sanskars* and imbibe the spirit of passionate patriotism for the country. This has always been the foundation of all Amity Institutions.

In the field of higher academic education, Amity is at the forefront of innovation, with achievements like setting up of the first private university in the country, the first wireless campus in India and Distance Learning Schools. Among other prominent achievements, Amity Institute of Biotechnology is ranked No. 1, Amity School of Engineering and Technology is ranked 4th and Amity Law School ranked as one of the top ten schools. Amity is always at the cutting edge of knowledge, offering courses in areas like Nanotechnology, Forensic Sciences, Biotechnology and Telecom, amongst the 300 plus programmes offered from graduate to PhD level.

Amity University Press (AUP) leverages the advantage of being a part of Amity, India's leading education group with over 20 years of experience in offering world-class education to 1,50,000+ students across 25 Schools and Pre-schools across India, Dubai and Abu Dhabi, South Africa besides 10 Universities and campuses in 10 countries.

Amity, as the foremost educational institution of India, has a dream: to groom leaders who will benefit the society and prove to be an asset to the nation, and make us proud Indians.

About Happy Hour Books

There is nothing more precious in this world than our children, and nothing more enjoyable than happy children. We, at Amity, understand. Having nurtured thousands of children over the last decade, we know exactly what excites them and how they learn best. This, perhaps our greatest strength, is reflected in all Amity **Happy Hour Books**.

We have developed the **Happy Hour Books** based upon years of research on learning processes and the synergy between the teacher, child and parent. We are sure you will enjoy teaching from our **Happy Hour Books** and children will love the experience.

We are passionate about young children. Happy children. Surely, you too, are. So, let's work together and fulfil your dreams. Our dreams. For our children.
